Programs that Help Students in Need

by Mary Lin

Programs to help students successful in their classroom

* the reason why this topic

  classroom conditions nowadays and before

* two kinds of programs
 1.for special Ed students
 2.for general Ed students who needs extra help

Programs for special Ed students

* **What are special Ed students?**
   ADHD, ADD, LD and other learning disabilities

* **ICT (integrated co-teaching)** at PS173
   60% students are general students
   40% students are students with IEP

Programs for general Ed students

* **For general Ed students who need extra help**

* **AIS (academic intervention service)** at PS173

  two reading teachers

  push-in model

  pull-out model

BSI in New Jersey -1

* **BSI** = basic skills intervention

* **How :** teacher recommendations, report cards, classroom performance, district tests

 * **Assessments :** sight words vocabulary, oral reading proficiency, reading comprehension questions

BSI in New Jersey -2

* Approaches:

    push-in model

    pull –out model

* Advantages and disadvantages of two models

我們的情況

1.for special Ed students

　　三級補救教學。

　2.for general Ed students who needs extra help

　　一級補救教學。

　　二級補救教學。
