Flew to the U.S. to See the Active Learning
in the Classroom
And I Really Learned a Lot!

I Noticed What Students Did

I Noticed What Students Did

I Noticed What Students Did

The Students in the Classroom...

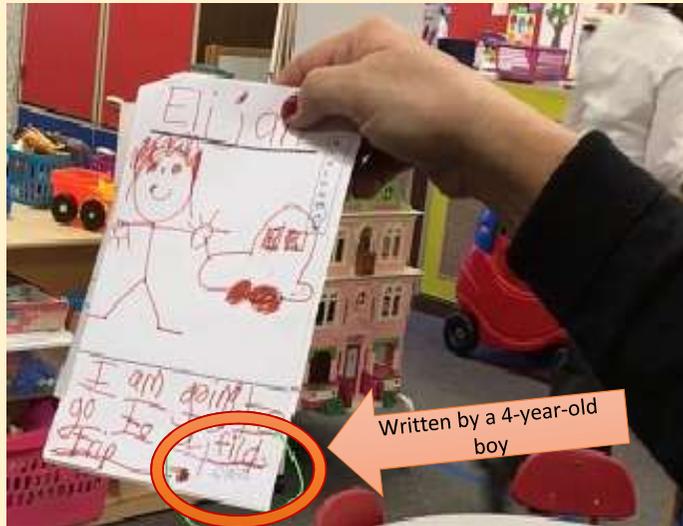

1. listened to their teacher.
2. followed the classroom rules and schedules.
3. tried to use strategies to learn.
4. were curious and confident.

I Noticed What Teachers Did

Thumbs up!

I Noticed What Teachers Did

I Noticed What Teachers Did

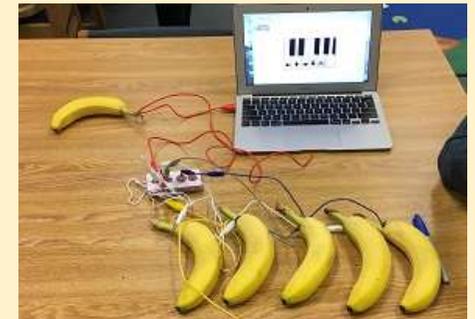

The Teachers in the Classroom...

1. managed the class but didn't talk loudly.
2. created an active learning space.
3. provided the methods and the information to make students explore.
4. accepted students' mistakes and facilitated independent & creative thinking.
5. took care of fewer students.
6. used digital age skills proficiently.

I Noticed Teachers and Students Got Strong Support

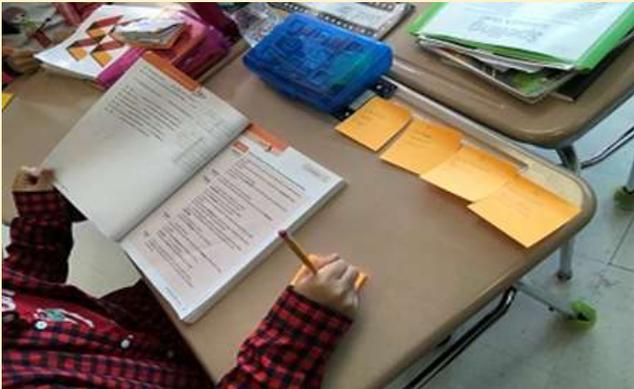

Teachers and Students...

1. got manpower.
2. had excellent aids and facilities.

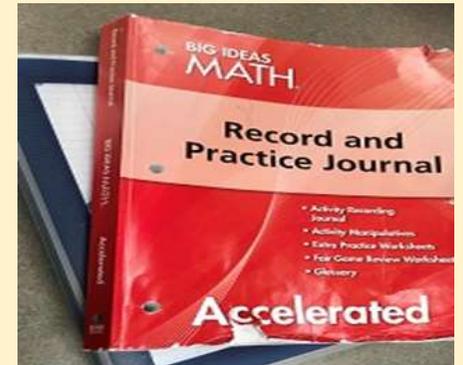

What I Learned from my Observation

What I Learned from my Observation

1. I can make my teaching better.
2. I want more teachers to know...

How do you see it?
