Put the words in the correct order !

Activity type: read, sequence & write

Purpose: This activity helps students learn to read words and put them into a sentence. It also helps students learn the structures of English sentences and learn how to write a sentence correctly.

Visual aids & materials: word cards, sentence strips, pictures, worksheets

Techniques & Procedures:

1. The teacher puts the word cards on the board in random order.
2. Use picture clues to help the students guess the meaning of the sentence.

Ask the students to put the words together, read them out loud and see if the sentence makes sense to them. The teacher then asks 1 or 2 volunteers to construct the sentence. To check the answer, the teacher may ask all the students to read the sentence out loud together.

3. Give each student a copy of a worksheet like the following example and ask them to read and complete the sentences.

send it back to englishcourses@britishcouncil.org.tw .

Put the words in the correct order !
